

TOM HIGHAM

BIOGRAPHY

Tom Higham is an award-winning British DJ and producer based in Dubai, renowned for his high-energy performances and distinctive style, blending Afro House, Indie Dance, Progressive House and Melodic House & Techno. A regular headliner at leading venues across the city, Tom also hosts a weekly show on Mixmag UAE Radio, connecting his music with audiences across the UAE.

Alongside his accomplishments as a DJ, Tom is a rising force in production, with his signature sound already in high demand. He has released on Hurry Up Slowly, Cavo Paradiso, Vibora, Consequence of Society, Kitisuru and Afrosteria, as well as landing official remixes for Grammy-nominated artist StoneBridge, and Grammy Award winner Stuart Zender (formerly of Jamiroquai). Tom's records have consistently charted highly on Beatport, with "Higher" landing him his first Beatport number one. His tracks have also earned some serious support from international heavyweights including Andrea Oliva, Arodes, Bun Xapa, Cristoph, Dubfire, Sasson, Shimza, Vanco & Yotto, cementing his reputation as both a performer and a producer to watch.

Originally from the North East of England, Tom's career began with a string of DJ competition wins, leading to residencies across the UK. International recognition soon followed, with luxury event brand SINTILLATE enlisting Tom's services to launch their Mallorca residency. Over eight consecutive summers, he performed across the Balearics, Chamonix and the UK at globally renowned venues including Nikki Beach Mallorca & Ibiza, Pacha Mallorca, Social Club Mallorca and Amnesia & Eden in Ibiza.

Since relocating to the UAE in 2017, Tom has quickly established himself as a mainstay of the region's nightlife. His residencies have included Barasti, Bla Bla, Five Hotel Group, Sky2.0, Surf Club & Versace Hotel, while his performances at landmark events such as the Amber Lounge at the Abu Dhabi F1 Grand Prix, Secret Island Party on Zaya Nurai Island, and the Dubai Expo 2020, have showcased his versatility. His relationship with the Amber Lounge has since taken him to Monaco, where he performed alongside Armand van Helden for the official Formula 1 afterparty. Tom has also performed at both editions of UNTOLD Festival, Dubai's first mega-festival, as well as being selected to perform for UNTOLD at two editions of the Dubai Run, each time performing to crowds of over 250,000!
